Do you want to...

- ★ Know how to write your annual reports?
- ★ Know how to file your N990?
- ★ Know how to write your Impact Report?
- ★ Know how you can enhance your program/programs so you have a chance to win an award?
- ★ Are you a new chairman and don't know what to do for your program? Have you been a Program Chairman for years and still feel like you really don't know what to all include in your annual report?
- ★ Which programs overlap with each other, so maybe you can work together with other chairmen to work our programs more simply?
- ★ Any Unit member can attend and ask all those questions from your Past District Presidents and Past Program Chairman. We want to help you work your programs and feel like you accomplished your task and feel good about what you have done for your Unit this upcoming year
